

Poliform

Poliform night collection

Variety is the word to define the collection: thirteen different proposals, thirteen ideas for the night area; functionality, design and emotions are joined together in beds with a strong personality. To complete the choice there are "dedicated" containers, coherent in style, along with one multipurpose serie, which can be freely combined. Conceived to really satisfy any resting requirements, this system includes also mattresses, pillow and complements.

Ala Bed, design Paolo Piva, 2005

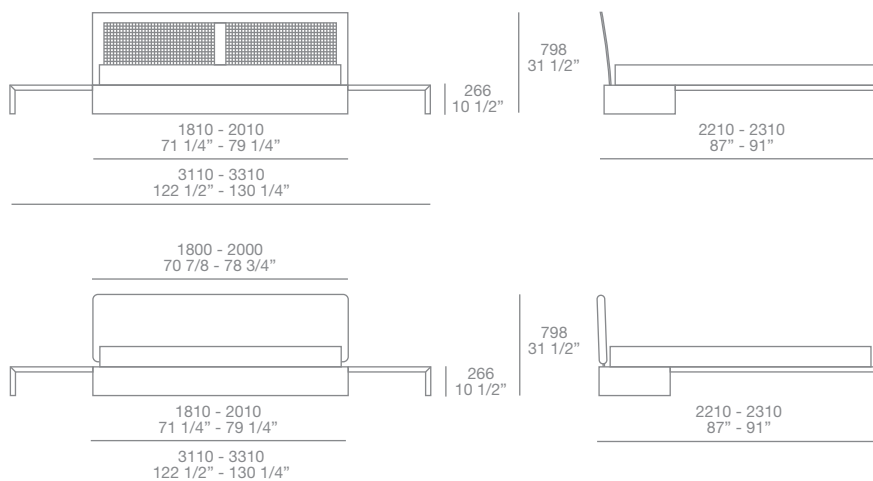

Ala, designed by Paolo Piva, is not just a bed, but a system that allows the headboard to be extended, creating "wings" that make it both more useful and more pleasing to the eye. The pairing of wooden and upholstered elements allows it to reach the highest level of aesthetics, while the version in all wood demonstrates the bed in its most traditional material.

Finishing:

Mat lacquered colours and wenge. Headboard covered with removable fabric and leather, or in fretwork wooden finishing wenge. Bed frame with container available with tip-up bedstead.

Dimensions:
