

Poliform

Poliform night collection

Variety is the word to define the collection: thirteen different proposals, thirteen ideas for the night area; functionality, design and emotions are joined together in beds with a strong personality. To complete the choice there are "dedicated" containers, coherent in style, along with one multipurpose serie, which can be freely combined. Conceived to really satisfy any resting requirements, this system includes also mattresses, pillow and complements.

Ando Bed, design Paolo Piva, 2001

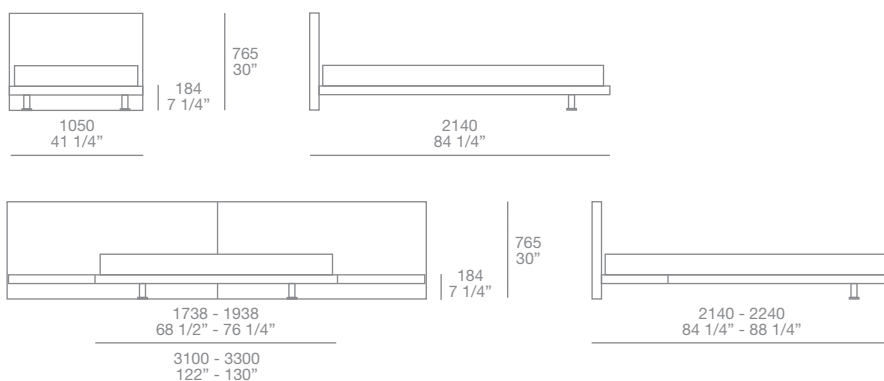

I like a classic style. Inspired by the Orient the secret of the Ando bed's beauty lies in its simplicity. Designed by Paolo Piva has a solid structure with a wide surfaces which reveal the natural wood finish. The wide headboard links the bed to shelves and night tables to make a big style statement.
