

## *Kyton*

**design CR&S Varenna, 2009**

The research of simplicity through practicality and lightness: a bright, natural and technically evolved kitchen. Kyton, design CR&S Varenna, is a kitchen expressing an evolved and informal living solution. The freedom to live one's personal space following the inspiration of the moment.

### **Kitchens collection**

The Varenna collection interprets the contemporary kitchen in its entire variety. The maximum freedom in compositions enables original proposals, which are defined by a wide range of materials, finishes and colours. The idea of a kitchen as a planned space in order to reflect the individuality of who lives in: the avant-garde technical solutions and an always more personal stylistic choice are aligned with the idea of a home project that distinguishes Poliform conception of a contemporary house.

### **Doors finishings:**
