Poliform

Poliform

Poliform presenta in anteprima i nuovi prodotti, e per la prima volta si apre all’outdoor. Dopo aver consolidato il livello eccellente nei sistemi giorno e notte, nei sistemi cucina, nei complementi e negli imbottiti, Poliform progetta per gli spazi esterni una collezione completa di sedute, imbottiti, tavoli e tavolini, complementi, accessori e una cucina outdoor. Infine, introduce le novità indoor, tra imbottiti, tavoli e integrazioni ai sistemi esistenti.

Poliform presents a preview of its new range of products, and, for the first time, opens up to the outdoors. After establishing an excellent reputation in its day and night systems, its kitchen systems, and its complements and upholstered furniture, Poliform has designed a collection for outdoor spaces. The series includes seats, upholstered furniture, dining and coffee tables, accessories, and even an outdoor kitchen. Finally, it introduces its new indoor products, which include upholstered furniture, tables, and integrations to its existing systems.

2023

OUTDOOR COLLECTION

Nella collezione outdoor, Poliform reinterpreta il legame tra essere umano, natura e paesaggio. Ispirata a un lifestyle contemporaneo basato sulla fluidità degli spazi, la collezione ha le stesse peculiarità delle collezioni indoor: eleganza, stile senza tempo, design eccellente. Frutto di un lungo lavoro di ricerca e sviluppo, la collezione è firmata dai designer Jean-Marie Massaud, Emmanuel Gallina, Marcel Wanders e Soo Chan. Ciascuno di loro ha interpretato, secondo la sua sensibilità, la visione di outdoor lifestyle di Poliform.

In its outdoor collection, Poliform reinterprets the connection between human beings, nature, and landscape. Inspired by a contemporary lifestyle and based on the fluidity of spaces, the collection boasts the same details as its indoor collection: elegance, timelessness, and excellent design. The result of a long research and development process, this collection is the work of different designers: Jean-Marie Massaud, Emmanuel Gallina, Marcel Wanders, and Soo Chan. Each of them has offered their own interpretation and unique vision of Poliform's outdoor lifestyle.

KETCH SOFA COLLECTION

Per la collezione Ketch, Jean-Marie Massaud si è ispirato al mondo della nautica. Come una vela tesa tra i due alberi di una barca, lo schienale flessibile dei divani e della poltrona è sostenuto da una struttura semplice e solida in massello di iroko, un legno molto resistente, trattato con idro-oli che ne preservano la bellezza nel tempo. La cuscinatura, realizzata in materiali e tessuti specifici per l'outdoor, è generosa e confortevole. Nella versione con baldacchino, le gambe del divano si estendono fino a creare una micro-architettura dotata di tende, un angolo intimo, discreto e riparato.

For the Ketch collection, Jean-Marie Massaud was inspired by the nautical world. Like a sail stretched between two masts, the flexible backrests of these sofas and armchairs are supported by a simple, solid structure made from Iroko: a highly resilient wood treated with hydro-oil which preserves its incredible beauty over time. The cushion, crafted using materials and fabrics specifically for outdoor use, is ample and comfortable. In the canopied version, the sofa legs extend to create a micro-architecture of the curtains, with intimate, private, and well-sheltered corners.

Nelle pagine precedenti: divano Ketch con struttura in massello di iroko naturale e schienale in EVA oliva, rivestimento sfoderabile in tessuto Merak 106 bosco con cucitura decorativa a cordoncino, cuscini in tessuto Merak 106 bosco e Zephiros 01 bosco. Qui e nella pagina successiva: baldacchino Ketch con struttura in massello di iroko naturale e schienale in EVA oliva, rivestimento sfoderabile in tessuto Merak 110 burro con cucitura decorativa a cordoncino, cuscini in tessuto Merak 110 burro, Merak 106 bosco e Zephiros 01 bosco. Tenda scorrevole Boreas 3602 cenere con barre in brown opaco.

KETCH SOFA COLLECTION

Design Jean-Marie Massaud

Divano

Struttura in massello di iroko naturale o iroko tinto nero con schienale in EVA tinto colori.

Cuscino seduta e schienale in poliestere riciclato PET con inserto in poliuretano.

Cuscino opzionale in poliuretano.

Prerivestimento in fibra di poliestere con cucitura termosaldada.

Cucitura decorativa a cordoncino con filato colori.

Rivestimento sfoderabile in tessuto.

Sofa

Structure in solid natural iroko or solid black-stained iroko with backrest in EVA stained colours.

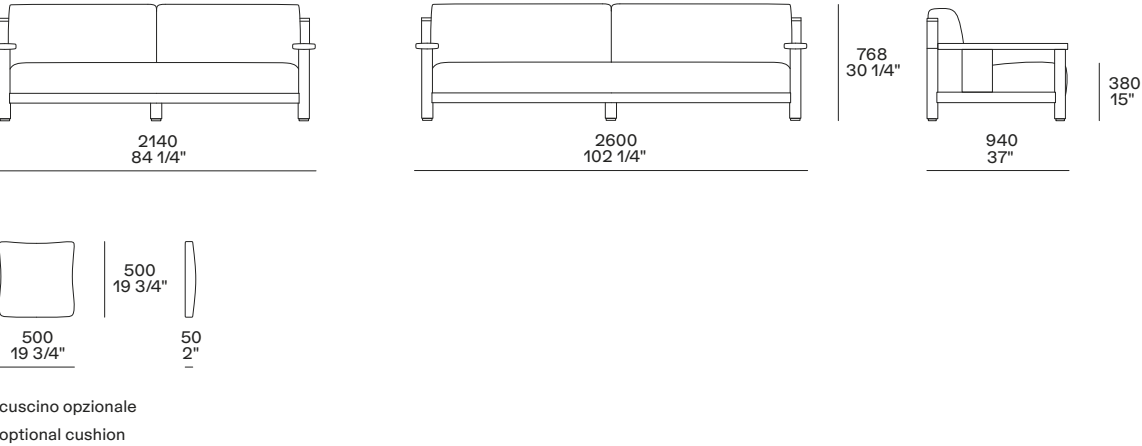

Seat cushion and backrest in polyester recycled PET with insert in polyurethane.

Optional cushion in polyurethane.

Pre-cover in polyester fibre with heat-sealed seam.

Decorative drawstring stitching with yarn in the sample colours.

Removable cover in fabric.

Poltrona

Struttura in massello di iroko naturale o iroko tinto nero con schienale in EVA tinto colori.

Cuscino seduta e schienale in poliestere riciclato PET con inserto in poliuretano.

Cuscino salvareni in poliuretano.

Prerivestimento in fibra di poliestere con cucitura termosaldada.

Cucitura decorativa a cordoncino con filato colori.

Rivestimento sfoderabile in tessuto.

Armchair

Structure in solid natural iroko or solid black-stained iroko with backrest in EVA stained colours.

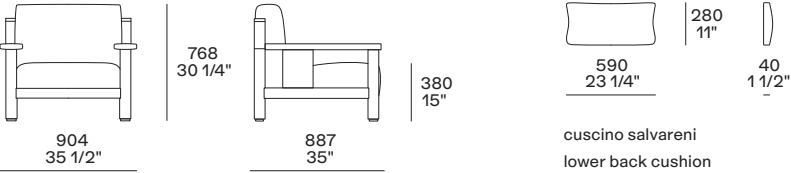

Seat cushion and backrest in polyester recycled PET with insert in polyurethane.

Lower back cushion in polyurethane.

Pre-cover in polyester fibre with heat-sealed seam.

Decorative drawstring stitching with yarn in the sample colours.

Removable cover in fabric.

Baldacchino

Struttura in massello di iroko naturale o iroko tinto nero con schienale in EVA tinto colori.

Tenda Boreas in fibra acrilica a scorrimento verticale con barre di alluminio in brown opaco.

Cuscino seduta e schienale in poliestere riciclato PET con inserto in poliuretano.

Cuscino opzionale in poliuretano.

Prerivestimento in fibra di poliestere con cucitura termosaldada.

Cucitura decorativa a cordoncino con filato colori.

Rivestimento sfoderabile in tessuto.

Canopy

Structure in solid natural iroko or solid black-stained iroko with backrest in EVA stained colours.

Boreas roll up curtain with vertical sliding with aluminium bars in mat brown.

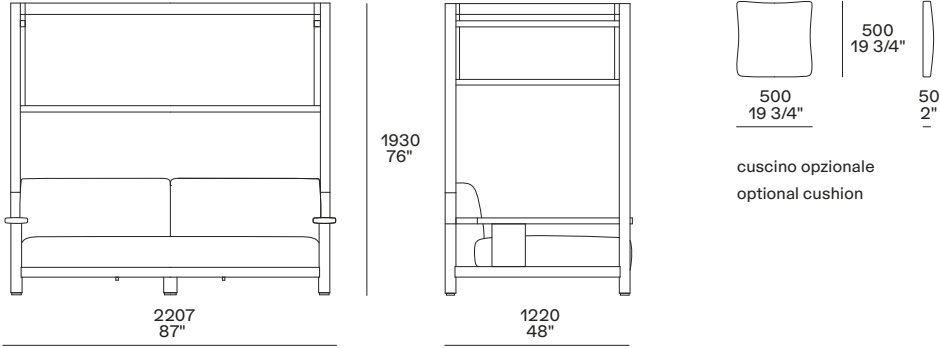

Seat cushion and backrest in polyester recycled PET with insert in polyurethane.

Optional cushion in polyurethane.

Pre-cover in polyester fibre with heat-sealed seam.

Decorative drawstring stitching with yarn in the sample colours.

Removable cover in fabric.

KETCH COFFEE TABLE

La collezione di sedute Ketch si completa con i tavolini, che ne riprendono le linee solide e robuste. Le gambe sono in massello d'iroko, mentre il piano è disponibile in due versioni: nello stesso materiale, a doghe, oppure in vetro ottenuto con una tecnica artigianale di vetrofusione che fa uso di sabbie per creare una texture particolare sia alla vista sia al tatto.

The Ketch seating collection is completed with coffee tables which mirror the sturdy, robust forms of its eponymous sofas. The legs are made from solid Iroko wood, with two options available for the top: in slats of the same material, or in glass crafted by an artisan fuser who uses sand to create unusual textures both to the eye and to the touch.

Nella pagina precedente: tavolini Ketch con piani in vetrofusione bronzo, gambe in massello di iroko tinto nero con struttura in brown opaco. A destra: tavolino Ketch con piano in massello di iroko naturale. Nella pagina successiva: tavolino Ketch con piano e gambe in massello di iroko tinto nero, struttura in brown opaco.

LE CLUB OUTDOOR ARMCHAIR

L'iconica poltrona Le Club, in versione outdoor. Restano invariate le linee, curve e morbide, così come l'altissimo livello di comfort, mentre a evolvere è il materiale del rivestimento, un tessuto realizzato attraverso l'intreccio di corde piatte in polipropilene, trattato con un liquido idrorepellente che lo rende ideale per essere usato all'aria aperta. Sempre eccellente la qualità d'esecuzione, che per il rivestimento richiede una tecnica complessa e ricercata.

The iconic Le Club armchair in an outdoor version. Its signature soft, curved form remains, as does its high level of comfort; what has evolved is the upholstery, a fabric made through the interweaving of flat polypropylene ropes treated with a water-resistant liquid making it ideal for outdoor use. The quality of execution is always excellent, requiring a complex and sophisticated technique for the upholstery.

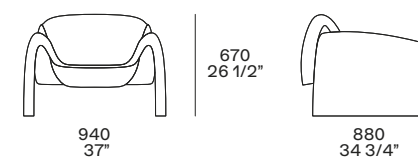

LE CLUB

Design Jean-Marie Massaud

Struttura in acciaio con seduta sostenuta da cinghie elastiche e giunti di unione tra schienale e seduta in alluminio.
Seduta e schienale in poliuretano flessibile stampato con glassa in elastomero.
Rivestimento non sfoderabile in Libeccio, tessuto intrecciato in fibra di polipropilene.

Structure in steel supported with elastic belts and aluminium joints between backrest and seat.
Seat and backrest in moulded flexible polyurethane with elastomer glaze.
Non-removable cover in polypropylene fibre woven fabric Libeccio.

CREW COFFEE TABLE

Con Crew, Jean-Marie Massaud traduce l'arte millenaria della ceramica in una collezione di tavolini dalle dimensioni generose e dalle linee essenziali. Nello stesso complemento convivono materia pura e materia smaltata, con un vibrante effetto tono su tono che unisce estetica e funzionalità, proteggendo la superficie con eleganza.

With the Crew collection, Jean-Marie Massaud translates the ancient art of ceramics into a series of large, timeless coffee tables. The co-existing materials in this collection are both raw and glazed, creating a vibrant tonal effect which blends aesthetics and functionality, elegantly protecting the surface of the tables.

CREW VASES

Per completare lo spazio outdoor, Jean-Marie Massaud ha progettato una collezione di vasi in ceramica che nella combinazione tra materia pura e materia smaltata richiama i tavolini Crew. Disponibili in tre dimensioni, i vasi sono pensati per arricchire ogni ambiente outdoor, armonizzandosi con la natura circostante.

To complete an outdoor living space, Jean-Marie Massaud has designed a collection of ceramic vases which, combining both raw and glazed materials, echo the Crew coffee tables. Available in three sizes, these vases are designed to enrich any outdoor environment, in perfect harmony with the surrounding nature.

AZU COFFEE TABLE

Azu è un sofisticato tavolino scultura, nato dalla creatività di Jean-Marie Massaud. L'innovazione risiede nella scelta di valorizzare la matericità della ceramica, un materiale inedito nel catalogo di Poliform ma perfettamente in linea con il suo lifestyle, dove la contemporaneità non è mai slegata dal tocco artigianale. Realizzato in monocottura, è caratterizzato da una finitura con effetto lucido.

Azu is a sophisticated, sculptural coffee table, born from the mind of Jean-Marie Massaud. The innovation lies in the choice to enhance the materiality of ceramics: a material never before used in Poliform's catalogue, but which perfectly aligns with its lifestyle. The contemporary is intricately bound to the artisanal. Single-fired, the coffee table is characterised by its glossy finish.

MAGNOLIA SOFA COLLECTION

Per la sua prima collezione outdoor, Emmanuel Gallina trova ispirazione nella natura e nei suoi dettagli, come le linee fluide dei rami e la leggerezza di una foglia che cade. L'idea è valorizzare la naturale leggerezza del legno, grazie alla raffinatezza tecnica e alla capacità artigianale di Poliform. La collezione Magnolia si compone di divano e poltrona, ma anche di un day bed e di un lettino, che unisce alla bellezza delle forme la tecnologia invisibile dello schienale, al servizio del comfort.

For his first outdoor collection, Emmanuel Gallina sought inspiration from nature and its details, such as the fluid lines of branches and the lightness of a falling leaf. His idea is to enhance the natural lightness of wood, thanks to Poliform's technical sophistication and craftsmanship. The Magnolia collection is composed of a sofa and armchair, as well as a day bed and sunbed; blending seamlessly with the beauty of these elements is the invisible backrest technology, enhancing the pieces' comfort.

STRATA COFFEE TABLE

Tra scultura e tavolino, la collezione Strata di Emmanuel Gallina si ispira alle stratificazioni minerarie. Con diverse dimensioni e altezze, piani rotondi o di forme organiche, ogni pezzo esprime una sua peculiare unicità e allo stesso tempo si abbina perfettamente agli altri, come le pietre tra loro in natura. I tavolini Strata sono realizzati per colatura a stampo in Cementoskin®, un materiale evoluto ad altissima resistenza.

Somewhere between a sculpture and a coffee table, Emmanuel Gallina's Strata collection is inspired by mineral stratification. Available in a variety of sizes and heights, with round or organic top shapes, every piece expresses a particular uniqueness, each pairing perfectly with the other – just like stones in nature. The Strata coffee tables are crafted by form-casting Cementoskin®: a highly resistant and avant-garde material.

Nella pagina precedente: tavolini Strata in Cementoskin®, da sinistra, Cementoskin® nei colori grafite, crema e melanzana. MONOLITH OUTDOOR TABLE

La collezione Monolith si rifà all'aspetto immutabile e rassicurante del dolmen, entrando in connessione con la natura circostante. Il piano sottile, in Cementoskin® o in pietra basaltina, esaspera l'estetica monumentale e maestosa delle basi, mentre le linee arrotondate sostituiscono gli spigoli, offrendo una grande morbidezza visiva. Vero e proprio sistema, Monolith è disponibile in diverse dimensioni, con varie forme di piani.

The Monolith collection recalls the timeless, reassuring aesthetic of a dolmen, connecting with the nature around it. The thin surface, made in Cementoskin® or basalt stone, pays homage to the monumental and majestic nature of its base; rounded lines substitute the table's corners, creating a sense of visual softness. A system in the true sense of the word, Monolith is available in various sizes and surface shapes.

Legs in Cementoskin® colours or in solid natural iroko and solid black-stained iroko. Top in Cementoskin® colours, solid natural iroko and solid black-stained iroko or mat brushed basalt stone. Low version available only with structure and top in Cementoskin® colours.

MAGNOLIA CHAIR

Nelle sedie Magnolia, così come nell'omonima collezione di imbottiti, l'idea è quella di ricreare la fluidità delle linee della natura. A emergere è dunque una naturale leggerezza, che nella raffinatezza tecnica dell'esecuzione esprime tutta la capacità artigianale di Poliform. La collezione è disponibile in due finiture, una chiara e una scura, ispirata alla tecnica giapponese del Shou Sugi Ban, con cui si brucia il legno di cedro per renderlo più resistente, ma anche al tipico stile decorativo delle case del Cap Ferret, luogo d'origine di Gallina.

In the Magnolia chairs – as in the eponymous upholstered furniture collection – the idea is to recreate the fluidity of nature's various forms. What is created, then, is a sense of natural lightness which, when combined with technical elegance, perfectly expresses Poliform's craftsmanship. The collection is available in two finishings, one light and one dark; inspired by the Japanese Shou Sugi Ban technique, in which cedarwood is burnt to render it more resistant, yet also by the decorative style reminiscent of Cap Ferret – Gallina's place of origin.

MAD OUT SOFA COLLECTION

Marcel Wanders reinterpreta le linee morbide e curve dell'iconica collezione Mad adattandole al lifestyle outdoor. Divano e poltroncina sono caratterizzati dallo schienale in corda intrecciata a mano. Da elemento funzionale, lo schienale avvolgente diventa dunque un particolare suggestivo, e lasciando filtrare l'aria e la luce rende questi pezzi ideali per l'uso esterno, pur mantenendo lo stile e la solidità di una famiglia di imbottiti da interno.

Marcel Wanders reinterprets the soft, curved lines of the iconic Mad collection, adapting them to suit an outdoor lifestyle. The sofa and armchair are characterised by their backrests in hand-braided rope. From a functional element, the wrap-around back thus becomes a striking detail, allowing air and light to filter through; this makes the piece ideal for outdoor use, whilst still maintaining the style and solidity of an upholstered interior piece.

Nelle pagine precedenti: divano Mad Out con struttura in acciaio inox rivestita in corda testa di moro, schienale in corda intrecciata testa di moro. MAD OUT COFFEE TABLE

A completare la collezione di imbottiti Mad Out, disegnata da Marcel Wanders, è l'omonima serie di tavolini. Il piano in pietra lavica, in due diverse tonalità che dipendono dalle altissime temperature di cottura, può essere impreziosito da un decoro in polvere di vetro, che crea un interessante contrasto tra superfici opache e lucide.

Completing the Mad Out upholstered furniture collection, designed by Marcel Wanders, is its eponymous series of coffee tables. The top is made from two tones of lava stone – a result of the incredibly high firing temperatures. These tables can be decorated with glass dust, creating an intriguing contrast between opaque and gloss.

Nelle pagine precedenti: tavolini Mad Out con piani in pietra lavica roccia e strutture in metallo verniciato opaco, da sinistra nei colori mattone, brown e sabbia. In questa pagina e nella successiva, tavolini Mad Out con piani in pietra lavica roccia e strutture in metallo verniciato opaco brown.

SOORI DAY LOUNGE

Soo Chan disegna un'isola di comfort, per vivere gli spazi all'aria aperta in assoluto relax. Soori è un day bed dalla forma rotonda e dal design rilassato. Elegante lo schienale intrecciato, mentre le trame dei tessuti del rivestimento sono selezionate con cura, per una piacevole sensazione tattile.

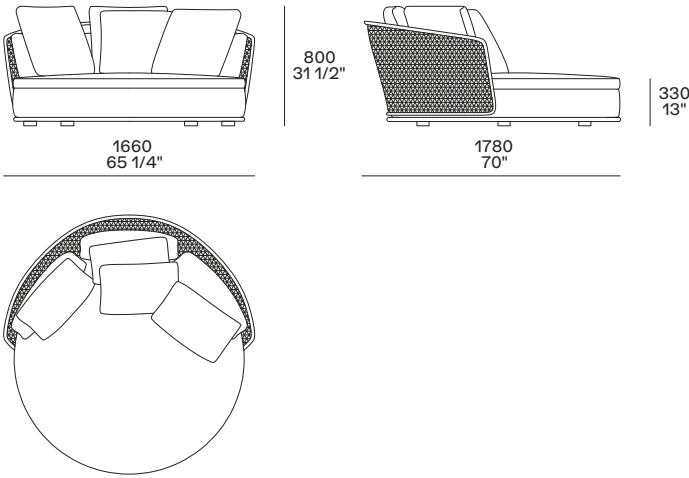

Soo Chan has designed a relaxing island, where the open air can be enjoyed in complete comfort. Soori is a round day bed with a laid-back design. Its braided headboard is elegant, the texture of its upholstery carefully selected to ensure a pleasant sensation to the touch.

KAMIR CARPET

Kamir è un tappeto outdoor realizzato con un intreccio di filati melange in polipropilene. Prodotto con un filato durevole nel tempo e resistente all'acqua e alla luce, le irregolarità nella trama sono il risultato della tessitura a mano con telai tradizionali costruiti artigianalmente. Ogni tappeto è dunque un pezzo unico dove colore, consistenza e design si sposano alla perfezione.

Kamir is an outdoor carpet made with a weave of polypropylene mélange yarns. Produced with a yarn that is durable over time and resistant to water and light, the irregularities in the weave are the result of hand weaving with traditional hand-crafted looms. Each carpet is therefore a unique piece where colour, texture and design blend perfectly.

KAMIR
Design R&D Poliform

Prodotto a mano con telai tradizionali.
Trama in polipropilene, ordito in poliestere.
Tappeto resistente all'acqua, al cloro e alla
luce, anti allergico.
Dimensioni mm: rettangolare 2000×3000
3000×4000 - 2500×3500
quadrato 3000×3000.

Hand made carpet with traditional looms.
Polypropylene weft, polyester warp.
Carpet resistant to water, chlorine and light,
anti-allergic.
Dimensions in: rectangular 78 3/4"x118"
118"x157 1/2" - 98 1/2"x137 3/4"
square 1180×118.

NEW OUTDOOR FABRICS

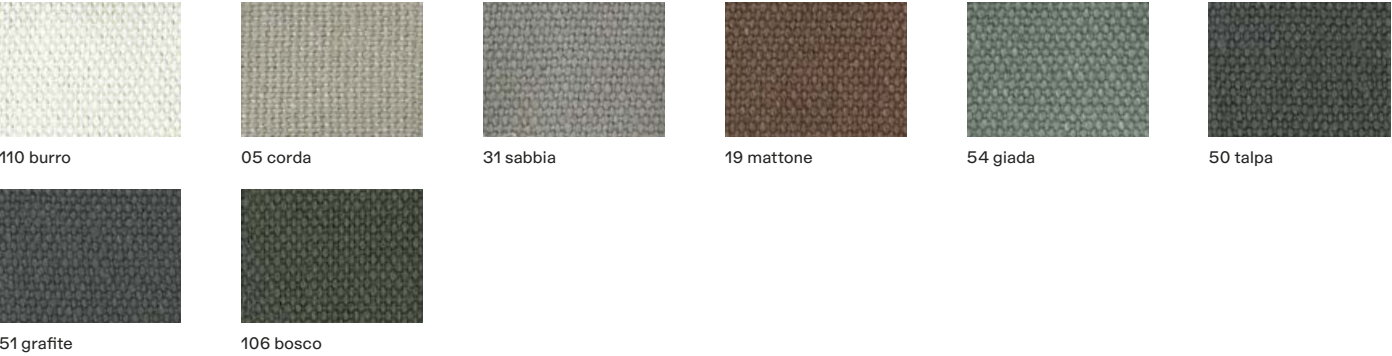

Una ricerca che si muove su due binari: da un lato la completezza estetica di una proposta pensata in continuità con l'indoor, dall'altro la tecnicità di tessuti che richiedono maggiori doti di resistenza all'acqua, alla luce e all'uso. Il risultato è una selezione di tessuti outdoor di facile manutenzione, che per qualità e caratteristiche tattili non sono dissimili dai tessuti indoor. Realizzati con materie prime di origine vegetale e biodegradabili o con fibre sintetiche certificate e riciclabili, sono caratterizzati dai toni neutri, con punte di colore che guardano alle tonalità della natura.

A new field of research which covers two bases: on one hand, an aesthetic completeness designed to flow with the indoor pieces; on the other, a technicality which must be water-resistant, light-resistant, and durable. The result is a selection of outdoor fabrics which are easy to upkeep, and which do not differ from the quality and feel of the indoor fabrics. Made from raw materials of biodegradable or vegetable origin, or from certified, recyclable synthetic fibres, the fabrics are characterised by neutral tones, with hints of colour which reflect the shades found in nature.

LAND KITCHEN

Land, la prima cucina outdoor di Poliform progettata in collaborazione con cap., si compone di una serie di moduli aganciati su travi longitudinali che la fanno sembrare sospesa. Lineare ed essenziale, è disponibile nelle due versioni a parete o freestanding, e realizzata in alluminio, Inalco MDi® e acciaio, materiali ideali per l'uso all'aperto. Land non necessita di alcun collegamento elettrico, perché tutte le funzionalità sono alimentate a gas o tramite batteria, ed è attrezzata con lavello, tagliere e barbecue.

Land, Poliform's first outdoor kitchen designed in collaboration with cap., is composed of a series of modules attached to beams which seem almost suspended in the air. Linear and timeless, this kitchen is available in two versions: wall-hung or free-standing. It is made from aluminium, Inalco MDi®, and steel: materials which are ideal for outdoor use. Land doesn't need any electricity, and is powered by gas or batteries. It is equipped with a sink, worksurface, and barbecue.

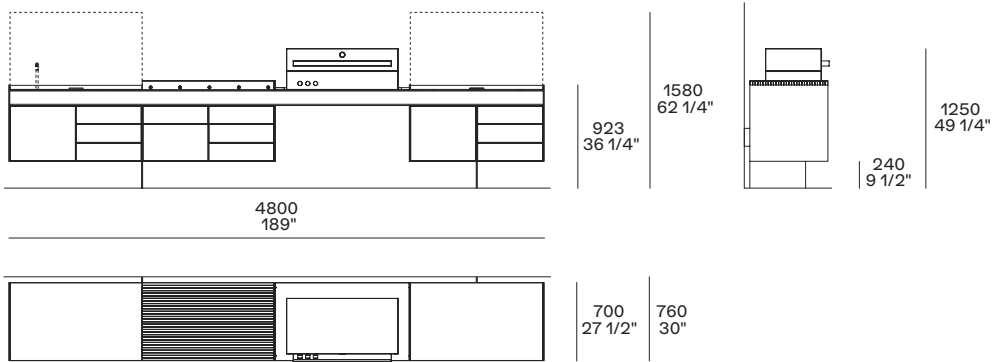

LAND

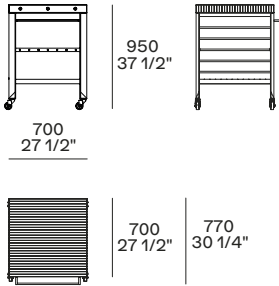

Design R&D Poliform and cap.

Struttura a ponte in alluminio laccato opaco nero con contenitori sospesi, agganciati alla struttura.
Elementi contenitori con spalle in laminato stratificato nero, basamento, schienale e coperchio in acciaio.
Cassetti ed estrattori con frontali in Inalco MDi® carbone.
Fianchi in alluminio laccato opaco nero.
A sinistra, piano in acciaio con invaso e lavello, miscelatore Cea abbattibile; a destra, piano con vano in acciaio e porta accessori in teak e acciaio, entrambi con coperchi in Inalco MDi® nero e telaio in alluminio verniciato nero.
Tagliere in appoggio in teak con tiranti in acciaio.
Barbecue Flamkraft Block 'D' con supporto in acciaio satinato.
Carrelli con struttura in metallo verniciato nero, ripiani e tubi in acciaio scotch brite, tagliere in teak con tiranti in acciaio.

Bridge structure in mat nero lacquered aluminium with hanging storage units, hooked to the structure.
Storage units with sides in stratified laminate nero, base, back and top in steel.
Drawers and pull-out baskets with fronts in Inalco MDi® carbone.
Sides in mat nero lacquered aluminium.
To the left, top in steel with squared drip edge and sink, Cea folding mixer; to the right top with open compartment in steel and accessory holder in teak and steel, both with lids in Inalco MDi® nero and frame in nero painted aluminium.
Chopping board in teak with steel tie rods.
Barbecue Flamkraft Block 'D' with support in satin steel.
Carts with structure in nero painted metal, shelves and scotch brite steel bars, chopping board in teak with steel tie rods.

RAIN COVER
Design R&D Poliform

Coperture di protezione disponibili per tutti i prodotti della collezione outdoor. Realizzate in tessuto tecnico idrorepellente, trattate con finissaggio antimicotico e rifinite con un processo di termosaldatura che ne garantisce la totale impermeabilità. La coulisse posta nella parte inferiore consente di stringere la cover intorno alla base dei prodotti. Ogni copertura viene fornita in una busta realizzata nello stesso tessuto. Su ogni cover e busta vengono riportati il nome e le dimensioni del prodotto da rivestire.

Protective covers available for all products of the outdoor collection. Made of water-repellent technical fabric, treated with an antifungal finish and finished with a heat-sealing process that guarantees total waterproofing. The drawstring at the bottom allows you to tighten the cover around the base of the products. Each cover comes in a bag made of the same fabric. The name and dimensions of the product to be covered are shown on each cover and bag.

INDOOR COLLECTION

Poliform presenta i nuovi prodotti dedicati alla zona giorno: i tavoli di Emmanuel Gallina e Jean-Marie Massaud, la collezione di imbottiti Sunday firmata da Flaviano Capriotti, l'evoluzione del sistema di sedute Westside firmato da Jean-Marie Massaud e i nuovi elementi del sistema Code. E se l'ispirazione è sempre il lifestyle contemporaneo, il focus è sui luoghi del relax e della convivialità.

Poliform presents its new products dedicated to the living area: the tables of Emmanuel Gallina e Jean-Marie Massaud, the Sunday upholstered furniture collection by Flaviano Capriotti, the evolution of the Westside system by Jean-Marie Massaud, and the new elements of the Code system. And whilst the inspiration is always a contemporary lifestyle, the focus is upon places of relaxation and conviviality.

MONOLITH INDOOR TABLE

Per la versione indoor della collezione Monolith, Emmanuel Gallina rilegge le linee arcaiche del dolmen con materiali caldi e preziosi. Il piano è in olmo nero o in marmo travertino, che abbinato al piede nella stessa finitura dà vita a un monolite dall'aspetto imponente e monumentale.

For the indoor version of the Monolith collection, Emmanuel Gallina reinterprets the archaic lines of the dolmen with warm, precious materials. The top is crafted from dark elm or travertine marble, which, when paired with legs of the same material, renders the piece as monumental and imposing as a monolith.

Nelle pagine precedenti: tavolo Monolith con gambe in olmo nero e piano in marmo sahara noir levigato finitura poliesteri. A sinistra, tavolo Monolith versione bassa con gamba in laccato opaco canapa e piano in marmo calacatta oro levigato.

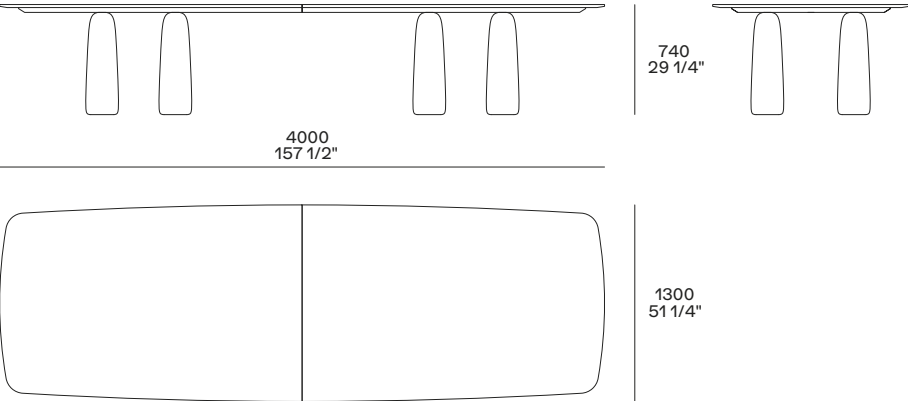

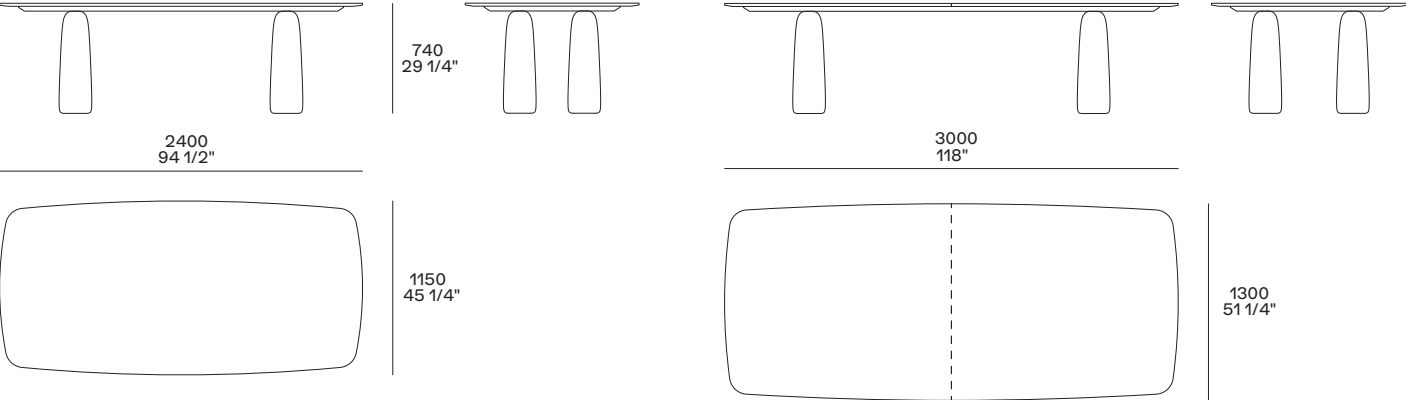

Previous pages: Monolith table with legs in black elm and top in mat marble sahara noir polyester finish. To the left, Monolith table low version with leg in mat lacquer canapa and top in mat marble calacatta oro.

SUNDAY SOFA COLLECTION

Flaviano Capriotti firma Sunday, una collezione di sedute imbottite compatte e avvolgenti, ispirate all'atmosfera di intima convivialità tipica del giorno dedicato al riposo per eccellenza. I divani, curvi e asimmetrici con seduta di diverse profondità, sono progettati per vivere a centro stanza. La poltroncina, elegante e comoda, ha una seduta corposa e confortevole, mentre lo schienale basso e avvolgente diventa anche bracciolo, agevolando una seduta composta ma rilassata.

Flaviano Capriotti is the designer behind Sunday: a seating collection made of inviting and comfortable upholstered seating, inspired by the atmosphere of intimate conviviality typical of the day dedicated to rest. The sofas are curved and asymmetrical with seats of varying depth; they are designed to sit at the centre of the room. The armchair, elegant and comfortable, has an ample seat, the low backrest morphing also into an armrest. The user is embraced by the chair, composed but at the same time relaxed.

Qui e nelle pagine precedenti: divano Sunday con rivestimento sfoderabile in tessuto Yukon 75 corda, cuscini in tessuto Yukon 75 corda e piedini in brown nickel opaco.

Here and previous pages: Sunday sofa with removable cover in fabric Yukon 75 corda, cushions in fabric Yukon 75 corda and mat brown nickel feet.

Qui e nella pagina successiva: poltrona Sunday con rivestimento sfoderabile in tessuto Siro 02 lino e piedini in brown nickel opaco.

Here and following page: Sunday armchair with removable cover in fabric Siro 02 lino and mat brown nickel feet.

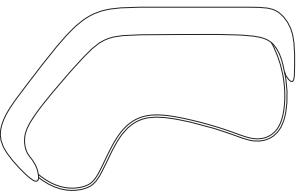

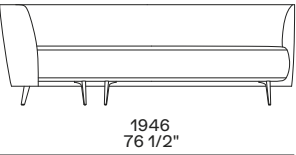

SUNDAY
Design Flaviano Capriotti

WESTSIDE SOFT SOFA

Gli elementi del sistema Westside sono reinterpretati da Jean-Marie Massaud in una nuova versione soft, con imbottitura in piuma. Costituito da diversi moduli imbottiti che creano le più diverse configurazioni – dall'isola bifacciale al classico divano angolare – Westside viene dunque configurandosi non soltanto come archetipo di convivialità, ma anche di comfort.

The elements of the Westside system have been reinterpreted by Jean-Marie Massaud in a new, softer version, with down padding. Composed of various upholstered modules, the set can be assembled in different configurations – from a two-sided island to a classic corner sofa. Westside is thus configured not only as an archetype of conviviality, but also of comfort.

Nelle pagine precedenti: divano Westside Soft con rivestimento sfo-
derabile in tessuto Fushui 01 bronzo, cuscini in velluto Persia 1404
carbone, schienale mobile in cuoio 19 caffè e basamento in brown
nickel opaco. A sinistra: dettaglio del bracciolo Slim, esterno in cuoio
19 caffè, interno in brown nickel opaco.

CODE DAY SYSTEM

Code, il sistema giorno da progettare e personalizzare fino al singolo componente, si arricchisce di nuove madie, oltre a nuovi elementi e finiture. Per madie e contenitori Code sono disponibili l'anta a listelli Tape e un piedino più basso, mentre il ripiano in vetro è stato riprogettato per essere usato anche all'interno dei contenitori a giorno. Tra le nuove finiture, spicca l'essenza rovere tabacco, mentre per le basi a giorno sono ora disponibili anche i marmi.

Code, the day system where each component can be designed and personalised, is enriched by a new set of sideboards, as well as new finishings and other elements. The Code sideboards and storage units are available with Tape slatted doors and shorter legs, whilst the glass shelf has been redesigned to be used even from within inside. Among the new finishes, tobacco oak stands out, whilst marble is now also available for the open cabinets.

Nella pagina precedente: composizione Code con contenitori a giorno, struttura in laccato opaco bronzo con schienale in rovere tabacco, ripiani in rovere tabacco e laccato opaco bronzo, luce a led integrata. Ai lati, contenitori con ante a listelli Tape in rovere tabacco e vetro trasparente, telaio e maniglia in ardesia opaco. Struttura interna in rovere tabacco con schienale in tessuto lino chiaro, ripiano in vetro trasparente, cassetti in laccato metallico bronzo e piano superiore in marmo noir saint laurent levigato finitura poliestere, luce a led integrata. Top retroilluminato in marmo noir saint laurent levigato finitura poliestere, fianchi in rovere tabacco e zoccolino ardesia opaco. In questa pagina: madia Code con ante a listelli Tape in rovere tabacco e vetro trasparente, telaio e maniglia in ardesia opaco. Struttura interna in rovere tabacco con schienale in tessuto lino chiaro, ripiani in vetro trasparente, luce a led integrata. Top in marmo noir saint laurent levigato finitura poliestere, fianchi in rovere tabacco e basamento con piedini ardesia opaco.

Previous page: Code composition with open units, structure in mat lacquer bronzo with back in oak tabacco, shelves in oak tabacco and mat lacquer bronzo, integrated led light. On the side, storage units with oak tabacco Tape slatted doors and transparent glass, frame and handle in mat ardesia. CODE
Design R&D Poliform

Tape, frontale a listelli in essenza e vetro trasparente con telaio e maniglia verniciati opaco, disponibile nel sistema Code e nelle madie. Nel sistema Code, Tape è sostituibile ai frontali vetro.
Ripiano spessore 14 mm in essenza, per il sistema Code.
Madie con vani a giorno attrezzati con ripiano in vetro trasparente o fumé e base in marmo levigato o lucido.
Madia con anta a ribalta, interno vano in STM champagne con fianchi e schienale in specchio bianco, attrezzato con due cassetti in rovere tabacco.
L'essenza rovere tabacco e il marmo noir saint laurent levigato ampliano le finiture del sistema e delle madie Code.

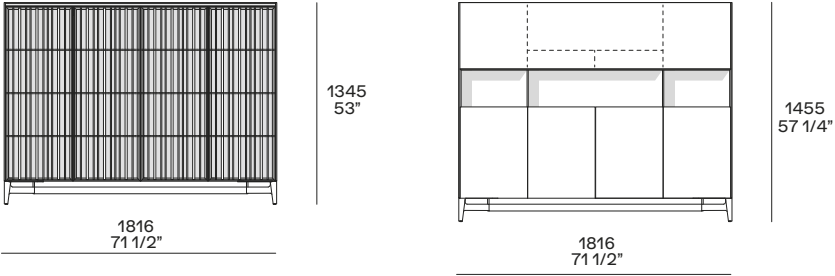

Tape, front in transparent glass with wooden slats with mat painted frame and handle; available for the Code system and sideboards. In the Code system, Tape can replace the glass fronts.
Shelf thickness 1/2" in wood, for the Code system.
Sideboards with open compartments equipped with transparent or fumé glass shelf and base in mat or glossy marble.
Sideboard with flap door, compartment interior in STM champagne with sides and back in white mirror, equipped with two drawers in oak tabacco.
The wood oak tabacco and the mat marble noir saint-laurent increase the finishes of the Code system and sideboards.

NEW INDOOR FABRICS

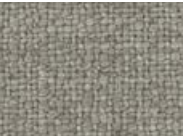

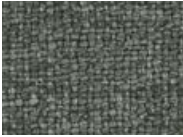

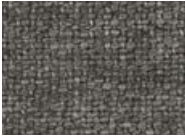

Una proposta che invita a interpretare il rivestimento come possibilità estetica e come veicolo di sensazioni visive e tattili. La nuova selezione di Poliform privilegia i tessuti materici, dalla ciniglia capace di seguire in modo armonioso le linee dell'imbottito al lino dall'aspetto elegante e contemporaneo, che sembra tessuto a mano. La scelta di fibre naturali certificate o provenienti da materiali rigenerati segue un'ottica di sostenibilità ed è in linea con un'idea di stile che nell'armonia tra le tonalità, nell'eleganza degli abbinamenti e nella qualità dell'esperienza esprime il suo carattere, la sua unicità e i suoi valori.

Indoor fabrics invite upholstery to be reinterpreted as both an aesthetic possibility and as a vehicle for tactile and visual sensation. Poliform favours textured fabrics, from velour, which seamlessly follows the flow of the upholstery, to linen, for an elegant and contemporary appearance which seems almost hand-crafted. The choice of certified natural fibers or recycled materials aligns with Poliform's commitment to sustainability as well as its concept of a style which blends tonalities, finds elegance in pairings, and prioritises quality in the user's experience. All of this expresses Poliform's character, uniqueness, and values.
