Wall paneling

Poliform_day_systems_CODE_boiserie_01_1300px_Boiserie

All the visible sides of the wall panelling must be provided with vertical closing profile. For wall panelling with height less than or equal to 76 3/4" the horizontal closing profile is obligatory. Storage units and shelves can be positioned both at the heights in the scheme and at requested heights.

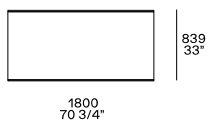

Compositions with superimposed wall panelling are feasible. Wall panels in different finishes can be put near each other but cannot be superimposed. The floorstanding panel must be in the dimension indicated in the scheme, the superimposed panel will have the dimension by the difference with the total height. Storage units and shelves cannot be positioned at the joint of two panels.

Shelfs

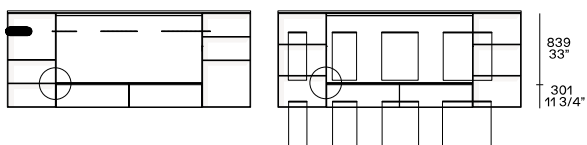

For wall fixing or for wall panelling (rear profile h 3 1/4"). Available also with dimmerable led light.

TV-portal

To be put next to Living storage units h 16 3/4".

Poliform_day_systems_CODE_03_1300px_Portale_TV_espempi

Esempi di composizioni sospese con portale TV. I ripiani dei contenitori Living con vana a giorno si allineano ai contenitori del portale TV a seconda della versione scelta.
