

BEDSTEADS

Fixed bedstead

Bedstead in beech wood with flexible slats fitted into the perimeter frame. In the pelvis area, the slats are doubled to grant the best support and are provided of sliders to adjust the flexibility. Dimensions in: w 31 1/2"-35 1/2"-39 1/4"-55" 63"-70 3/4"-78 3/4" x d 78 3/4"-82 3/4" h 2 1/4". Queen size w 60" x d 80". King size w 76" x d 80".

Anatomic bedstead

Bedstead in beech wood with flexible slats fixed on pair on rubber supports, with independent movement, spaced to facilitate the ventilation of the mattress. In the pelvis area, the slats are doubled to grant the best support and are provided of sliders to adjust the flexibility. Dimensions in: w 31 1/2"-35 1/2"-39 1/4" d 78 3/4"-82 3/4" h 2 3/4".

Anatomic bedstead with manual movement

Bedstead in beech wood with flexible slats fixed on pair on rubber supports. In the pelvis area, the slats are doubled to grant the best support and are provided of sliders to adjust the flexibility. Manual headboard movement. We suggest the use of single standard mattresses or latex mattresses. Dimensions in: w 31 1/2"- 35 1/2"-39 1/4" d 78 3/4"-82 3/4" h 2 3/4".

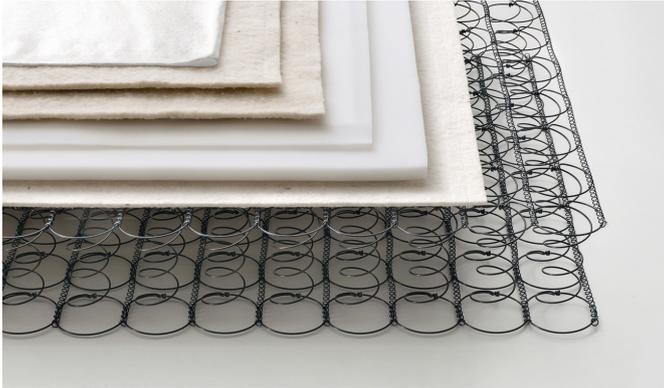

Container box with tip-up bedstead

Bedstead with metal frame, movement assisted by shock absorbers. Flexible slats in beech wood joint assembled in the frame. Dimensions in: w 39 1/4"-55"-63"-70 3/4" 78 3/4" x d 78 3/4"-82 3/4". Queen size w 60" x d 80". King size w 76" x d 80".

MATTRESSES

It is available only for fixed bedstead. Cover in cotton colour ardesia, hood covering with elastic band, support in black non-woven fabric. Quilted manufacturing with a stylized diamond pattern. Complete with 4 elastic bands in the corners. Dry clean only. Dimensions in: w 31 1/2"-35 1/2"-39 1/4"-55"63"-70 3/4"-78 3/4" x d 78 3/4"-82 3/4". Queen size w 60" x d 80". King size w76" x d 80".

Topper

Non-removable cover in 100% twisted viscose satin, padding in wool and silk. Complete with 4 elastic bands in the corners. Dimensions in: w 63"-70 3/4"-78 3/4" x d 78 3/4"-82 3/4". Queen size w 60" x d 80". King size w 76" x d 80".

Sanitized® cover

Non-removable cover in 100% twisted viscose satin in white colour. It includes anti-mite treatment Sanitized®, this fibre has bacteriostatic-antifungal properties and it is effective against mites. The integrated active substances are harmless for the skin and there is no surface chemical treatment. Quilted manufacturing with a stylized diamond pattern. Quilted perimeter band with 4 handles in pure cotton.

Amicor Pure™ cover

Removable cover in antimicrobial fabric Amicor Pure™, a fibre that, thanks to a slow spreading mechanism supplies a barely adequate quantity of a safe additive for both the skin and the environment. This substance eliminates allergens and microbes, which are usually in mattresses. The antimicrobial effect is not eliminated by washing the cover.
